**NOTA**

L-ewwel darba li 'Ubu Roi' ta' Alfred Jarry ittellgħet għall-pubbliku f'Parigi tal-1896, kellha tiegħi għal hin twil minħabba l-ferment kbir li qam fost il-pubbliku preżenti hekk kif l-attur principali, Pa Ubu, lissen l-ewwel kelma — *merdre!* Fil-fatt dan ix-xogħol, li originarjament inkiteb għal teatru tal-marjunetti, huwa karikatura kiefra ta' bniedem korrott, xehħieħ, vulgari, u mgħomi bil-kilba għall-poter — in-nobbli Macbeth tat-traġedja ta' Shakespeare mibdul f'bhima feroci.

Din il-bidla, minn bniedem normali bid-difetti kollha tiegħu, għal karikatura mostruża ta' fejn jista' jasal bniedem korrott, mhix xi waħda gradwali. Bil-maqlub, jekk tista' tgħid kollox dwar dan ix-xogħol karnivalesk, żgur li ma tistax issejjahlu sottili. Ta' min wieħed jiftakar li Alfred Jarry, fundatur ta' l-hekk imsejja 'Pataphysics' — ix-xjenza ta' l-impossibbli — kien wieħed mill-missirijiet spiritwali tal-kurrent artistiku magħruf bħala DADA. Dan il-kurrent jibqa' mfakkar għall-attitudni niħilista ta' l-esponenti ewlenin tiegħu. Dawn l-artisti ttantaw ixejnu l-influenza tradizzjonali fl-arti u jibdluha fi spirtu ta' ribelljoni u nuqqas ta' rispett.

L-addattament ħieles li Ateatru se jippeżenta llejja huwa fuq kollox tislma lil din l-attitudni anarkika u reverenti.

MICHAEL FENECH
